Mozart® blade made in
Solingen, Germany

Blade lock

The **Level 5 MR100** is a cutter with safety features that far exceed what is commonly used for deburring, degating, sample cutting, hobby work or anything else you use a scalpel knife for.

Features at a glance:

- Blunted tip blade to prevent punctures.
- Blade locking mechanism
- Easy tool-free blade change
- Mozart® blade made in Solingen, Germany
- High visibility green
