*Comparative testing is conducted using similar style safety cutters in a controlled testing environment, utilizing dynamic testing equipment and industry grade corrugate. Material and environment variables in the field may affect performance results.

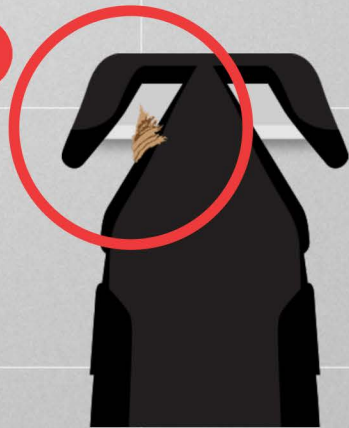

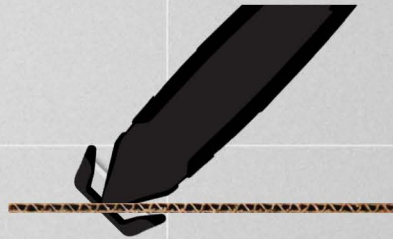

KLEVER[®] XD

proprietary
SMOOTH-KUT™
TECHNOLOGY

Prevents corrugate from clogging
in the blade for faster, smoother,
and more ergonomic cutting.

**OTHER SAFETY
CUTTERS**

Clogged blades reduce operator
cutting speed and introduce risk
of injury when removing corrugate.
